

Dear So GA Workforce Development Board (WDB) Executive Committee Members:

According to the WDB By-Laws-the Executive Committee can act on behalf of the full board between meetings. To that end, staff is asking for approval to make an exception to the support policy in the case of one participant.

The policy does not allow support payments for school-age children during the school year. A participant has clinicals (12 hours each day) for two days/week during the fall semester, and needs after school child care for those days. The schedule is set by the school and the clinicals are of course required for training completion.

Staff is asking for approval to make an exception and pay child care support for this participant.

Thanks for your attention to this matter and please call me if you have any questions. 229-333-5277

Note: The Executive Committee unanimously approved the support policy exception
